### **An Exhibition Of Coastal Inspired Ceramics**

**by  
Jane James**

We are delighted to announce Jane's first solo exhibition of unique ceramics inspired by Jersey's beautiful coastline.

Jane creates her coastal themed pieces by combining brightly glazed ceramics and locally collected driftwood.

Each piece of work is unique and conveys Jane's colourful and happy style.

The exhibition will include lots of exciting new work and her fish, birds, beach huts and boats.

The Harbour Gallery, Le Boulevard, St Aubin  
Open 7 days a week 10.30am - 5.30pm
